*Kenya is characterised by hauntingly beautiful natural landscapes of forested hills, patchwork farms, wooded savanna, and vast forests brimming with an extraordinary abundance of wildlife. ***What sets your tour apart from the rest***

- The suggested accommodations in Masai Mara and Lake Nakuru are situated within the greater Mara region, directly inside the Masai Mara National Reserve.
- The primary benefit of booking lodging within the reserve is that guests can avoid the need to depart early from their daily game drives. This arrangement provides visitors with enhanced access to wildlife viewing opportunities. In contrast, accommodations located outside the reserve require guests to end their game drives early in order to reach the exit gate, with the journey to the main gate typically taking at least one hour.
- Kenya boasts an outstanding ground operations team that provides continuous 24-hour on-site support services.
- A professional on-ground team ensures complete adherence to all established agreements. The service includes streamlined communication protocols and transportation services.
